### **About the Tutor**

Brad, is a fully licensed pest controller with over 6 years experience in the pest control industry having acquired a Pest Management Technician qualification at Tafe in NSW and also running his own business.

Brad has developed an understanding of the concerns of home owners in relation to Pest infestation.

Brad has also lots of experience in public speaking from attending many networking/business groups.

Brad's Honour degree in total quality management has given him the skills to put together a comprehensive, informative short workshop on his area of expertise, pest control.

Brad's entertaining nature, will ensure that this raw subject keeps the students attentive for the full 4 hours.
